Test your talents in a university run competition! There are a number of exciting competitions happening around UNSW, which give you the opportunity to test your abilities in a particular field, usually whilst working in a team of students on a project. Sharpen your entrepreneurial, business or technical skills whilst having fun!

Many of these competitions have been approved by UNSW Advantage as eligible for recognition on your Australian Higher Education Graduate Statement (AHEGS).
Asia Entrepreneurship Program

The Asia Entrepreneurship program is a combination of developing entrepreneurial skills, incubating a real startup and cross-cultural consulting.
