Jo Cassidy
International Student Support Advisor Appointments

My name is Jo and I am the Manager, International Student Support

How long have you been at UNSW? I started at UNSW in January this year.

Favourite thing about my job: I love working with a team of people who are passionate about creating the best International student experience possible in a creative and meaningful way.

Stressbuster: I like to cook and chat on the phone with friends and family when I am feeling overwhelmed.

Pia Larsson
International Student Support Advisor Appointments

Hi! My name is Pia Larsson and I've been working as an International Student Advisor at UNSW since 2010.

Favourite things about my job: Sharing the journeys of international students, meeting interesting people of all backgrounds and working with compassionate people.

Stressbusters: Being extra mindful about reconnecting with my body throughout the day, so that I can respond to what it needs and use it's intelligence to guide me. I also love spending time by/in the ocean and having dance parties with my 2-year old, who particularly loves shuffling to Hammer Time.

Helen Craig
International Student Support Advisor Appointments

My name is Helen and I have worked as an International Student Advisor at UNSW for more than 5 years but have been a part of UNSW for much longer. I completed my studies here and lived on campus - some of the best times of my life.

What I love about this job is hearing about your life, what you love doing, life back home and also your study. Anything that helps me to understand you, your passions and what drives you.

Right now, to relax and pass the time at home, I like having a stroll with 'Mr B'; my dog Billy and swimming any chance I can get. Dancing around the kitchen to bad 80's music or new music introduced to me by my kids is my other stress release, even Billy gets into it.

Semra Tastan
International Student Support Advisor Appointments

My name is Semra. I've been an International Student Advisor for the past 3 years and have worked at UNSW for 6 years.

Favourite thing about my job: I love working with students and being a part of their journey at UNSW.
Stressbuster: I like to spend time doodling or drawing when I am stressed.
