The Student Ambassador program is a great way for you to develop your people skills by representing the Engineering Faculty and UNSW.

Responsibilities
Ambassadors are often the first contact that prospective students have with UNSW at university promotional events, career markets and when visiting high schools, and are therefore seen as the public face of UNSW Engineering.

This is a paid role and students who apply should be available and willing to work throughout the year as required.

How to get involved
The UNSW Engineering Student Ambassador program is currently under review. Until further notice there will be no recruitment for new Student Ambassadors for 2017.

Eligibility criteria:
- Applicants are required to have and maintain a WAM of at least 65
- Open to domestic and international students
- Students must be in second year or above of their Engineering degree.

Positions
- Student Ambassador - UNSW Engineering
- Student Ambassador - UNSW School of Mining Engineering
- Special Projects Coordinator

Training
Two days of compulsory training at the start of Semester 1 each year.

Duration
As-need basis until end of time at UNSW.

Accreditation
- Accredited by UNSW Advantage = Yes
  (For recognition on Australia Higher Education Graduation Statement)
- Accredited by UNSW Leadership Program = No
  (Eligible for community engagement component)
