Who can join this Peer Mentoring Program?

The UNSW Business Society Peer Mentoring Program is for all new first year undergraduate students enrolled in a business degree. This includes transfer students to the Business School (ie. anyone who is in their first year of a Business School related degree.)

Program description

The program provides a wide range of social and academic engagement support for mentees.

Social

Through fostering mentee interactions and forging new friendships, mentees undergo a smooth transition into university life. It establishes a welcoming and continuing support structure for all mentees inclusive of mentees, mentors and coordinators. Mentors also provide a variety of tips and advice, ranging from the best cheap places to eat on campus to UNSW services available to students.
