Who can join this Peer Mentoring Program?

This Peer Mentoring program is for commencing undergraduate and postgraduate students enrolling in a degree offered by the School of Computer Science and Engineering. All students, local or international, single or dual degree, are eligible to register.

Program description

The CSESoc Student Network is designed to assist with your transition into life at CSE and UNSW, and make the overall university experience less daunting. Our aim is to help new students form connections between other first year students and peer mentors in a casual, relaxed setting. Events held include: scavenger hunt, welcome and final parties, workshops, beginner coding competitions, and much more. Additionally, your assigned mentors will meet with you throughout the semester for catch-ups where you can ask for help or advice if you are feeling lost.

When does this program run?

Semester 1 and Semester 2

Program duration

This program starts in O-Week and ends in Week 10

When are registrations open?

Registrations are open from late January in Semester 1 and late July in Semester 2.

How do I register to participate in the program?

A form to register is available at https://www.csesoc.unsw.edu.au/student-network/mentees/

An email will also be sent to new CSE students to inform them about the Mentoring program. The CSESoc O-Week stall can also help you sign up.
