Who can join this program?

If you are a first-year student studying an Information Systems degree then this is the mentoring program for you! Information Systems degrees include Bachelor of Information Systems, Bachelor of Information Systems (Honours) and Bachelor of Commerce / Information Systems. We also welcome students who are doing Information Systems as a second major or have an interest in Information Systems or technology in general.

Program Description

BITSA Buddies is a unique program offering one-on-one/one-on-two peer mentoring session with an older Information Systems Student. Mentees are paired with a handpicked mentor and will have flexible sessions as well as exciting group activities throughout the semester. In the past, the program has run day-hikes and rock-climbing sessions. This program is a great way to meet some of the amazing older students within the Information Systems community.

When does the Program run?

BITSA Buddies runs during Semester One from Week 1 to Week 12.

When are registrations open?

Registrations for mentees open Monday 19th February and run throughout O-Week and Week 1.

How do I register to participate in the program?
Register by coming to our O-Week stall located on the Upper Walkway on Kensington Campus. From there we’ll be in contact!

**More information:**

Email: Send your peer mentoring queries to Patrick Wan at vpi@bitsa.org.au and we will be in touch.

Website: [www.bitsa.org.au](http://www.bitsa.org.au)

**How can I become a mentor?**

Unfortunately, mentor applications for 2018 have closed. However, if you have been trained in the past by UNSW Peer Mentoring, and would like to join the reserve list of mentors, email Patrick Wan at vpi@bitsa.org.au and we can sort something out for you!
