Designed for the members of the Aviation Society, and specifically those enrolled in a degree under the School of Aviation, the Student Mentor Program assists first year students with transition and learning upon commencement at the UNSW Sydney.

Responsibilities
Mentors are those enrolled in an Aviation degree in second-year or later and equip new students with tools required to successfully complete and participate in university life.

How to get involved
Applications are open from January 30 to February 5. Enquire via email.

Please NB* This opportunity is available to students of the School of Aviation only.

Position
Mentor
**Training**

A full day training session (6-8 hours) will detail roles and expectations within the program. It will also build on new mentors' leadership skills.
