About the program

The Aviation Society Peer Mentoring Program aims to provide support for first year students in transitioning to their first term of aviation studies. The program is designed as a means to establish and improve a channel of communication amongst students undertaking a UNSW Aviation degree. Not only will the program develop connections amongst first year students, but to also foster cohesion between first year and senior students within the School of Aviation. Mentees will be matched with a mentor who is studying the same stream and/or program within the school and has similar availability.

When does the program run?

Term 1 and Term 3
Week 1 to Week 10 of term.

New student (mentee) registrations

This program is open to all newly commencing first year aviation students.
Registrations for T1 2021 are now closed.

Mentor applications

You must be second year or later undergraduate aviation student to be a mentor with this program.
T1 2021 Mentor applications have now closed.
