

CIS Australia - 3 New Summer Study Programs - January 2018!

CIS Australia - 3 New Summer Study Programs - January 2018!

Published: 11 August 2017

CIS Australia are excited to announce that they have launched three new summer study abroad programs for **January 2018** — all on different continents! With each unique location comes unique academic areas for our students.

January in New York City, USA

CIS Australia students will spend 3 weeks in the heart of New York City experiencing the energy and excitement of the city while immersing themselves at a local university. They may choose to study a range of different courses in finance, politics, history, hospitality, marketing, economics, humanities and social science.

January in Tokyo, Japan

After much success with our July in Japan winter program, we have decided to add a summer program. Students can choose to spend 2 or 4 weeks in Tokyo this January as they learn or improve their Japanese language skills, or take a course in Japanese Anime and Popular Culture.

January in Rome, Florence and Barcelona

This 3-week, multi-country program will immerse students in the fascinating history, art and culture of some of the most beautiful and inspiring cities in Europe. The class will travel from the ancient Imperial Rome to the Renaissance of Florence with Michelangelo and Leonardo da Vinci, and finish with the modern and extravagant architecture of Gaudi in the vibrant city of Barcelona.

Apply

If you wish to transfer credit for the program, you must first seek approval from your faculty for credit transfer through **Cross-Institutional Enrolment**. UNSW students should also complete the **UNSW Overseas Short Course Application Form**.

For more information see **Applying for credit and funding for your overseas short course**.

Students should apply directly to CIS Australia via the links above for the respective programs.

Risk assessment

All programs involve some degree of risk to participants. If you choose to source a provider on your own, please remember to do some research on them first and ensure that they are a legitimate organisation and that the product they offer will definitely meet your requirements. Students are therefore advised to undertake their own risk assessment before departure and any participation in these programs is at their own risk.

Before departure

All students should register their travel with UNSW. You should also undertake a risk assessment before heading overseas. For more information see [How to prepare for departure](#).
