AU Summer University welcomes Danish and international full-time students, exchange students and free movers. Along with the academic programme, we offer accommodation service, visa service, and a social programme for both lecturers and students. In 2017 more than 1800 students participated in 64 courses running from the beginning of July until mid-August on and off-campus. Again this year we invited guest lectures from around the world to teach and co-teach courses together with AU lecturers. We are pleased to be able to announce a very high satisfaction rate among both staff and students. 96% of the students answering the questionnaire would recommend AU Summer University to their friends.
