Seminar: Applying for Graduate and Internship Programs Online
14 May 2018 - 11:00am to 12:00pm

Would you like to secure a graduate job or an internship? Learn the tips and traps of completing online applications.

This seminar provides advice for completing successful graduate and internship application forms. It includes the following:

- How to address the key elements of an online application form.
- Answering tricky behavioural questions in online applications.
- Tips and traps when you're completing and editing your forms.

Increasingly, organisations with large internship programs are recruiting penultimate year students for their summer internship programs at the same time as their graduate programs.
