2018 KAIST International Summer School

Published: 15 January 2018

2018 KISS Track 1

Students may select up two courses from the list below. The medium of instruction is English for all courses. This year, we are offering 5 courses that are based on Education 3.0 courses/materials that are different from traditional courses in that the class time will consist of interactive activities and discussions instead of lectures. This year, we have a special course that will be open to all KISS students: a 1-week course (1 credit) K-School course called "Understanding Startups"; an entrepreneurship class that will help students better understand business startups.

The classes will begin in the week of July 2nd, 2018 to end in the week of July 27th, 2018. For more information - [Here](#).

2018 KISS Track 2

Individual Research Program is a 4-week research-oriented program only students majoring in STEM (Science, Technology, Engineering, and Mathematics) fields with our strategic partner universities. There are no designated departments and labs for this program. Students will have the freedom to pick which department and lab they wish to join, which they must indicate in our online application. Upon submission of your application, KAIST will contact the department and lab to see if there are spaces available information on KAIST departments and labs are available at [http://www.kaist.edu](http://www.kaist.edu)

Apply

Students should apply directly to KAIST University via their website by T1 - May 15, 2018 / T2 - April 15, 2018 - early bird registration closes February 15, 2018.

If you wish to transfer credit for the program, you must first seek approval from your faculty for credit transfer through [Cross-Institutional Enrolment](#). For more information see - [Applying for credit and funding for your overseas short course](#).
**Risk assessment**

All programs involve some degree of risk to participants. If you choose to source a provider on your own, please remember to do some research on them first and ensure that they are a legitimate organisation and that the product they offer will definitely meet your requirements. Students are therefore advised to undertake their own risk assessment before departure and any participation in these programs is at their own risk.

**Before departure**

All students should register their travel with UNSW. You should also undertake a risk assessment before heading overseas. For more information see - [How to prepare for departure](#).
