Make your own DIY custom t-shirt!

For all of us, the humble t-shirt is a basic wardrobe accessory, but have you ever tried designing and screen printing your own? Well it's easy and fun!

In this 3-hr masterclass we'll cover the basics of screen printing a 1 colour design onto t-shirts. At the end of the class you'll leave with your own DIY custom t-shirt!
What we will provide:

- Screen & Squeegee.
- Various coloured fabric inks.
- UV light sensitive emulsion.
- Specialty t-shirt screen printing equipment.

What you should bring:

- Your 1 colour design: hard & soft copy.
- Dimensions: A4 maximum size, landscape or portrait.
- Paper: your design needs to be printed or photocopied onto 80gsm copy paper - ensure your design is printed in opaque black.
- Please wear enclosed footwear and long pants. Feel free to bring your own additional materials - t-shirts, tote bags, tea towels, or fabric.

Date: Wednesday 29 August 2018

Time: 5:30 to 8:30pm

Location: UNSW Art & Design, Paddington campus

Register: Please see the UNSW Founders Facebook page for more information and to register. Registration opens two (2) weeks prior to event.
