This page contains information about annual course enrolment.

**Annual Course Enrolment**

**What is Course Enrolment?**

Course Enrolment is the first step in selecting the courses (subjects) that will you be taking at UNSW next year. Class Registration is the second step.

Near the end of each year, you can select your courses for the following year, that is, select courses for Summer Term (optional), Term 1, Term 2 and Term 3.

If you start your program or return from leave during the year (during Term 2 or 3), you will only select courses for the remaining term(s) in the year.

When you enrol in courses, you are selecting the courses that you intend on taking and reserving a spot for when Class Registration (selecting your class times) becomes available.

**When can I Course Enrol?**

That depends on whether you are starting a new program (a new degree) or are continuing a program

If you are starting a new program, you can Course Enrol once you have accepted Part II of your offer. For Term 1 2021, Part II of Offer Acceptance opens from 16 October 2020.

If you are continuing a program, you will be allocated a specific day and time for Course Enrolment. This is known as a Course Enrolment appointment.

Your Course Enrolment appointment is specific to you. Instructions on how to access your appointment will be emailed to you, so make sure you monitor your UNSW student email.

If you are a new student, check your personalised offer page for course selection advice for the first term. A link to your personalised offer page should be in your email, but if you can't find it, contact **The Nucleus: Student Hub**.

b) Select the course(s) you want by ticking the box, then click **Select Courses** at the top or bottom of the page.

If you receive an error when trying to Course Enrol, check that you are not trying to enrol in:

- too many courses—the maximum UOC per Term is 18 (12 in Summer)
- an incorrect term order—you must enrol in at least one course in Term 1 before enrolling in Term 2 and at least one course in Term 2 before enrolling in Term 3
- co-requisite courses in different terms—these can only be enrolled in for the same term.
- pre-requisite courses in the same term—prerequisites are courses or conditions that must be fulfilled before attempting a higher level course.
Before contacting The Nucleus Student Hub for help, consult the UNSW Handbook for the conditions of enrolment for your course, or look at common Enrolment Error Messages.
