**Annual Course Enrolment**

**What is Course Enrolment?**

Course Enrolment is the first step in selecting the courses (subjects) that will you be taking at UNSW for the next year.

Near the end of each year, you will be able to select your courses for the following year. That means selecting courses for Summer Term (optional), Term 1, Term 2 and Term 3.

You can change your selected courses at any point, up to the enrolment deadline for each Term.

If you start your program or return from leave during the year (during Term 2 or 3), you will only select courses for the remaining Term(s) in the year.

*Remember!* Course Enrolment is only the first step in enrolling, you are selecting the courses that you intend on taking and are reserving a spot for when Class Registration (selecting your class times) becomes available.

**When can I Course Enrol?**

That depends on whether you are starting a new program (a new degree) or are continuing a program.

**Starting a new program** lets you course enrol once you have Accepted Part II of your offer. For Term 1 2020, Part II of Offer Acceptance opens from 21 October 2019.
Continuing a program means you will be allocated a specific day and time. This is known as a Course Enrolment Appointment.

Your Course Enrolment Appointment will be specific to you and is generated based on multiple factors. Instructions to access your Course Enrolment Appointment will be emailed to you, so make sure you monitor your UNSW student email.
