The HKUST International Summer Exchange Program (ISP) welcomes students from partner institutions to study at HKUST in summer. The program aims to create a rewarding exchange experience for students from around the world. It comprises high-quality courses taught by HKUST instructors and opportunities to participate in local excursions that enable students to gain insight into the region.

Students will study at least 3 credits and up to 9 credits of regular undergraduate-level courses offered by HKUST. Local excursions and cultural activities will be organized exclusively for ISP students.
