The UNSW Business School’s Australian Business Essentials is a personal and professional development co-curricular program designed specifically for international post-graduate students with no professional work experience in Australia. On completion of the program, students are offered the opportunity to gain industry experience and apply their learning through a micro-placement onsite at a host company for 2-5 days.

**Responsibilities**

The micro-placement component places students in small teams of up to 3 to work on a real business project or problem for the company culminating in a feedback session at the end of the placement. Students build the knowledge, skills and confidence around the Australian cultural landscape to communicate in range of professional contexts.

**Positions**
