International Student Scholarships

The international student experience is a key priority at UNSW. We work with students to enable opportunities for academic success, personal growth and empowerment of the international student community. UNSW is pleased to be able to offer a range of scholarships to international students to support this work.

UNSW Connection Scholarships – grant valued up to $1,000

The UNSW Connection Scholarship aims to improve the international student experience and well-being through student led initiatives, connecting international students to their communities. Priority will be given to projects that create meaningful Australian connections for international students, and/or support international student well-being and empowerment. The project can be for on-campus or off-campus activities. In the first round we encourage applications that focus on the pre-arrival, orientation and arrival experience. Applicants are encouraged to consider creating projects that engage with international students, including those from China that are unable to attend Term 1.

Applicants will be required to complete a report template during and upon completion of the project.
