The UNSW Professional Development Program (International Students) is an initiative to assist UNSW international students with English as a second language to further develop their communication skills in a professional setting and gain practical workplace experience to enhance their career opportunities.

The Program consists of two components:

- A three-day seminar on business communication, customer service skills, employer expectations and the recruitment process
- A 50 hour on-campus office Workplace Experience Program organised by Careers and Employment and hosted
This program aims to assist international students in:

- Gaining knowledge of employer expectations in the Australian workplace
- Enhancing business communication, business writing and customer service skills
- Improving interview skills and ability to perform during recruitment activities
- Gaining administration and customer service experience in an office environment
- Developing confidence in professional settings

This program is facilitated in February and July each year.

The three-day seminar

The Seminars on Day 1 and 2 focus on developing international students’ business communication and customer service skills. Topics to be covered include:

- Preparing for the Australian workplace: employers’ expectations
- Business writing: emails, grammar and etiquette
- Tips and strategies to be successful in a workplace setting
- Telephone and customer service skills

The Seminar on Day 3 empowers international students to excel in the recruitment process. Topics to be covered
include:

- Developing achievement statements: The STAR approach and developing an elevator pitch
- Mock interviews
- LinkedIn
- Employer and graduate panel

The third day will finish with a Networking Function with the employer panel members and UNSW staff who will be hosting the 50 hour Workplace Experience Program.

The 50 hour Workplace Experience Program

The Workplace Experience Program is hosted by Careers and Employment and other areas within UNSW. The Program provides an opportunity for international students to practice skills gained through the seminars.

In completing the three-day seminar, all participants will be interviewed for the 50 hour Workplace Experience Program. Successful participants will be matched with a UNSW unit.

The hours will be set according to each student’s academic timetable and the availabilities of the various UNSW units. Students are expected to complete the 50 hours by the end of the Semester.

Throughout the Program, students will work collaboratively with their supervisor in developing and working towards a set of Workplace Experience Program goals. Students will receive constructive feedback throughout the program and at the completion.

This workplace experience component is part of an AHEGS accredited university program, so it will appear as a co-curricular activity on the student's secondary transcript when they graduate.
