Additional support

UNSW offers a number of support and development services for all students. Here you can access information on the additional support services that are available specifically for postgraduate researchers.
Academic skills support
Here you can find short courses, thesis writing resources, 'Shut Up and Write' cafe meet-ups...

HDR project counselling resources
These resources are designed to help you navigate your way through your high degree research program.

UNSW Scientia research recruitment opportunities
UNSW is investing at unprecedented levels to bring 1,000 of the world's most talented researchers to Sydney by 2025, to join a community ranked amongst the global top 50.

Overseas research
Many foreign institutions accept research students for short-term projects with their researchers.

International student support
Information and resources to assist International Higher Degree Research candidates make the most out of their experience in Australia.

Beginning to Teach for ECRs and HDRs
This program is designed to develop the teaching capability of UNSW Early Career Researchers (ECRs) and Higher Degree Research candidates (HDRs) with little to no experience of teaching.

Library services for research support
Visit the Library website for research support and resources and general services for students.

Arc postgraduate council
The Postgraduate Council (PGC) provide information, support, representation and advice on issues that affect postgraduate students.

Graduation
You must submit your thesis before your documents can be released.
