The UNSW Health Service has a team of experienced doctors, specialists and health professionals available to help you with any concerns you may have about your health and wellbeing.

UNSW Health Service video in Mandarin: [Duration: 3:35] Transcript

We can treat everything from colds and flu, heart problems, to general health issues and sports injuries. We can also conduct men’s and women’s health checks and provide vaccinations for general health and travel. We also have doctors who can conduct appointments in languages other than English.

Unwell? Novel Coronavirus: COVID-19

Seeing a Doctor (GP) in Australia

Health care systems around the world vary greatly from country to country. In Australia if you are feeling unwell or have a minor injury your first point of contact is a general practitioner (GP) who works at a health service or doctors’ surgery.

A GP can assist you a wide variety of medical conditions from colds and flu to minor injuries such as sprains or cuts, to travel vaccinations and sexual health checks. If needed a GP can write a referral letter for you so you can see a specialist.

How to Make an Appointment

To make an appointment:

- Book online, click here
- Call: 9385 5425
- Or visit our office at Ground Floor Quadrangle Building, East Wing.

Some doctors can conduct appointments in other languages. Mandarin – D Pei Chen, Dr Yu Zhang. Greek – Dr Anthea Charalambous, Dr Bill Kefalas. French – Dr Sarah Brewster

Please do not book an appointment online or come into the Health Service if you have cold and flu symptoms; call ahead.

Fees

We offer Bulk Billing to enrolled international students of UNSW. This means that if you are currently enrolled and are covered by an Overseas Health Cover (OSHC) that we can directly bill, there will be no cost to you or your immediate family for seeing a GP. We are able to directly bill to Medibank, AHM, Allianz and BUPA. If you are covered by a different OSHC insurer, you may need to pay upfront and claim the cost back later from your health insurer. Please show
the staff on reception your UNSW Student Card, and your OSHC card on arrival.

UNSW Health Service’s preferred OSHC provider is Medibank OSHC. For any help or questions regarding OSHC or to activate your account, you can find Medibanks’ Office on campus at Shop G1, The Blockhouse, or you can call them on 13 23 31. Medibank also has an OSHC app that can be downloaded to your phone, this provides you with an electronic card. To learn more about OSHC and their app click here.

Privacy

All appointments with us are completely confidential and the health service does not link or share your personal records with the university.

Medical Certificates and Special Consideration

Refer to the UNSW Special Consideration webpage and download the appropriate form. Students should see their regular doctor or the doctor that was consulted during their illness. As a general rule, it is not appropriate for a Doctor to sign off on a special consideration for an illness that they were not treating about at the time. Certificates are not treated as a medical emergency and will be scheduled as routine appointments (depending on availability, it might be 2 days until the next routine appointment). However, appointments for actual illness are prioritised according to severity.
