- All of your answers are entirely your own work unless acknowledged or otherwise permitted

Online Exam Checklist

To ensure that you are as prepared for your online exam as you can be, make sure you check each of the below before your exam.

Day(s) before Online Exam:

- Double check the date and time of your exam. If you are overseas, ensure that you have factored in any time zone differences.
- Decide where you will complete your assessment - preferably a quiet space with minimal distractions. If you live with other people, let them know when you will be completing your exam to avoid interruptions.
- Make sure that any system/operating/software updates are completed and up to date on your device, so that automatic updates do not interrupt your exam.
- Make sure you can login to the required site and gain access.
- Check your internet connection is stable and a decent speed can be achieved. Speed tests can be done via https://www.speedtest.net/
- You may wish to connect to your router via ethernet cable to increase your speed
- If possible, we recommend you have a spare secondary connection device (e.g. a mobile that can be used as a “personal hotspot” should your initial connection go down).

More information regarding this can be found at: https://support.apple.com/en-au/HT204023 for Apple Devices and at: https://support.google.com/android/answer/9059108 for Android Devices

Day of Online Exam

- Make sure you have logged on at your computer and you are ready to start, approximately 15-20 minutes before the exam commences.
- Ensure your device has power, and the charger is plugged in.
- If applicable, gather any permitted materials you may need for the exam (books, notes, writing implements, spare calculator, etc.).

If applicable, remind the people who share your house that you will be completing your exam, to avoid interruptions.

Exam Issues and Special Consideration

If you don’t have a quiet space at home where you can complete your exam, then the UNSW Main, Law and Paddington Libraries have opened up a small number of socially distant study spaces which you are currently able to book. The
Libraries are also offering students completing exams, the opportunity to reserve either a fixed pc or a laptop for the duration of the exam.

Please note that spaces and hardware are limited, so it will be important to book in advance. Further information on how to book a study session, as well as opening times can be found here: UNSW Library website.

Technical Issues

If you experience a technical issue which impacts your ability to complete your exam, then you should submit a special consideration application (immediately, at the conclusion of your exam) and upload evidence of the issue you experienced.

How do I provide evidence?

If you experience technical difficulties, you should take screenshots of as many of the following as possible:

- error messages
- screen not loading
- timestamped speed tests
- power outage maps
- messages or information from your internet provider regarding the issues experienced

All screenshots must include the date and time the issue occurred.

- You must contact the Course Coordinator or Tutor via email, Moodle or chat to advise that you are experiencing a technical issue, as soon as possible.
- Submit a Special Consideration application immediately at the conclusion of your assessment and upload your screenshots.

Your special consideration application will be reviewed, and an outcome updated within 3-5 working days.

Fit to Sit

By sitting or submitting an assessment on the scheduled assessment date, you are declaring that you are fit to do so and cannot later apply for Special Consideration.

If, during an online exam you feel unwell to the point that you cannot continue with the exam, you should take the following steps:

- Stop working on the exam and take note of the time
- You must contact your Course Coordinator or Tutor immediately via email, Moodle or chat and advise them that you are unwell.
