Keeping you connected is our top priority, so we've created a huge range of opportunities for you to get moving, get together and get creative! There are workshops to watch, dance classes to participate in, panels to ask your questions and so much more.

We know that these are strange, uncertain times and that each and every student faces new challenges every day which is why sticking together and supporting each other is so important. Join us for the fun stuff to keep up with your mates and find tips, info and resources when you need it at Arc Legal & Advocacy and Arc Wellness.

Keep Connected!
