Access all our academic skills and career development programs, activities and resources in Moodle.

The Learning & Career Hub at SACS has developed a range of academic skills resources to assist you to develop and hone the wide variety of the academic and communication skills required for successful study.

These short self-access guides help you with tasks like referencing, reading, notetaking and assignment writing, and help you develop your reflective writing and critical thinking skills.

Note: The student enrolment key is: ResourceAccess
