University of Michigan School of Information Virtual Exchange for T1 2021

Published: 1 October 2020

Highlights

- UMSI Virtual Exchange would allow UNSW students to take a full-time course load (12 credits = 24 UoC) of UMSI and U-M coursework virtually.
- It is likely that many courses will be offered in a hybrid format where some students are in the classroom and other students (UNSW students amongst them) would join remotely.
- Some classes will be available that are taught entirely online.
- Students participating in a virtual exchange will be expected to engage fully in the courses virtually, including live classroom sessions online during Michigan hours.
- Students must take at least 50% of their courses from the University of Michigan School of Information

Course Structure:

Exchange students will enrol in at least 12 UMSI credits (24 UoC), depending on their personal preferences and
academic requirements from their home university. If UNSW students only require 18 UoC to transfer to their UNSW degree, they will select which 18 UoC of the 24 UoC (9 of the 12 UMSI credits) they are completing with UMSI to transfer to their UNSW degree.

Exchange students will work with the UMSI Exchange team to identify and enrol in online classes.
