U21 Global Connections

Published: 22 January 2021

Now more than ever it's important to stay connected to those around us but also those across borders. So Universitas 21 (U21) is offering students the opportunity to make new Global Connections without leaving their own country.

Maybe you would like to find out how international students in other countries have found lockdown? Or just to know more about other countries and cultures? All you need to do is sign up using the form below and U21 will put you in touch with students from other U21 universities across the world to start global conversations.

Once U21 have put you in touch by email it is up to you how you want to connect and what about, but U21 would love to hear from you if you have had interesting discussions you’d like to share. All participants will be given the opportunity to write a blog and the best ones will be published on the U21 website and social media so you can continue the conversation further with the U21 global network.
