Copenhagen Business School: International Summer University 2021

Published: 12 February 2021

**Highlights:** The International Summer University Programme (ISUP) was established in 1999. Today ISUP is one of the largest and oldest summer program in Europe and draws more than 2300 students from all over the world to CBS each summer to partake in the around 50 courses offered during the 6 week program.

This year ISUP will be an online program. However, it will offer the opportunity for students to take part in a great social program, containing different online experiences – perhaps online tour of campus and Copenhagen, informal online meetings between Danish and international students, quiz-sessions, creative competitions etc. to encourage intercultural and social exchange between students.

At ISUP students will have the possibility to choose from more than 40 exciting courses ranging from classic business courses to more diverse, innovative and entrepreneurial courses, all taught in English. The program offers both undergraduate/Bachelor and graduate/Master level courses.

Course categories: Marketing, Management, Finance, Accounting, Corporate & Business Strategy, Communication,
Statistics, Innovation & Entrepreneurship etc.

To view the full course catalogue, the teaching schedule, exam schedule and other course and exam related information, please visit: [https://www.cbs.dk/en/study/international-summer-university/courses-and-exams](https://www.cbs.dk/en/study/international-summer-university/courses-and-exams)
