Highlights

The AU Summer University program consists of a portfolio of courses taught in English at Bachelor's or Master's level within the fields of Culture and Society, Media and Communication, Business, Management and Economics, Psychology, Political Science, Law, Health, Natural Science and Technology.

All teaching at AU Summer University is based on current research and has a strong international perspective. The close link between research and education ensures the quality and depth of the courses.

The online courses are offered in a fully professional large scale set-up with online assistance. All courses will have synchronous online activities with strong focus on engaging online pedagogy among others developed by AU's Centre for Educational Development.

For a list of available courses, please check under "Online Courses" at: https://international.au.dk/education/admissions/summeruniversity/course/
