Scholarships

Here you can find information on scholarships for current students at UNSW.

**UNSW Scholarships**

Scholarships and awards are a great way to get financial support while studying at university. At UNSW we offer a wide range of scholarships throughout the year and encourage our students to check what's available for application on-line.

**Scholarships for exchange**

There are a number of financial awards available for [student exchange](#). Most awards are awarded on the basis of academic merit. Scholarships are usually confirmed when exam results for the session prior to exchange are available.

**Postgraduate research scholarships**

Scholarships are available to support current and new postgraduate research candidates at UNSW. The scholarships provide a range of benefits such as annual stipends, living allowances and coverage of tuition fee costs, as well as funding and supplements for travel.

**UNSW Co-op Program**

At UNSW we develop students into professionals. And the UNSW Co-op Program is designed to do just this. With such amazing opportunities it is a highly competitive scholarship only available to select high performing undergraduates in Business, Engineering, Science and Built Environment.
