Our Welcome Centre is the first port of call for all new international students.

You will be greeted by friendly International Student Experience Unit (ISEU) staff members and student volunteers who will be able to give you information about settling into Sydney and commencing your studies at UNSW.

You’ll find out about the range of orientation events and activities available to you, and help with finding accommodation or any questions you might want answered. It is also a great opportunity to familiarise yourself with UNSW, and the many programs and activities offered throughout the year.
