The Australian Government has announced a range of measures that will come into effect from 2021 under the Job Ready Graduates Package. The measures include changes to student contribution rates, FEE-HELP loan fees, Tertiary Access payments (TAP) and more.

Commonwealth Assistance refers to the funding of subsidised tuition and loan schemes eligible students can access, to assist in paying their tuition, student amenities fee and overseas study costs.

Commonwealth Support refers to the specific tuition type you will be charged during your program at university. If you do not have a Commonwealth supported place (CSP), you are considered Fee Paying and not eligible for subsidised tuition. You should refer to your letter of offer for confirmation of your tuition type.

Access to Commonwealth Assistance is only available to domestic students. Full details of Government schemes are available on the Study Assist website. The pages below provide information on how to apply for and manage the different Government schemes that you may be eligible for at UNSW.
