Any international student holding a Student Visa (subclass 500) studying at UNSW requires a Confirmation of Enrolment (CoE) from UNSW and a visa from the Department of Home Affairs for the length of their program.

UNSW is only able to extend a student visa holder’s program and CoE if:

- we have assessed that there are ‘compassionate or compelling’ circumstances and there is evidence to support this assessment
- an intervention strategy has been implemented, or is in the process of being implemented, for the overseas student who is at risk of not meeting course progress requirements, or
- an approved deferral or suspension of the overseas student’s enrolment has occurred

You will need to apply for a new CoE if you are:

- extending your program duration and applying for a visa extension
- returning to studies from Program Leave or suspension

You do not need to apply for a new COE if you are: (We will automatically process and send you a new COE to your UNSW email account)

- transferring to another program within UNSW e.g. Bachelor of Arts to Bachelor of Commerce (no application needed)
- received credit transfer that has shortened the length of your program (no application needed)
