Here you can find out how to replace your testamur (degree certificate) if you are a graduate of UNSW and your original testamur has been lost, stolen, destroyed or damaged, or if you have changed your name.

Replacement testamurs are issued in the current testamur style, but will show the original date of graduation and the date of re-issue.

Please be aware that if you provide falsified documents to external agencies which misrepresent your qualifications from UNSW, then this could result in one of a range of penalties, from failure in the course or suspension (where applicable), exclusion and/or the matter may be reported to ICAC. As a student, you must be aware of your obligations and responsibilities under the Student Code which can be found here: [https://student.unsw.edu.au/conduct](https://student.unsw.edu.au/conduct).

**Conditions**

- A replacement testamur cannot be issued if the original testamur is still in your possession.
- If you still have the damaged or incorrect testamur you must return it to UNSW before your application can proceed.
- If you are no longer in possession of the original testamur, you must complete a Statutory Declaration stating this, and submit it with your application. Stat Dec forms are also available from most newsagents.
