Joining a UNSW student club or society and getting involved, is the best way of meeting people who share your interests and making friends in the campus community. There are 300 clubs and societies supported by Arc including sports, hobby, educational clubs and more.

You can also get to know your fellow students and develop professional skills by volunteering to take an important role in your club or society. Many volunteer opportunities have been approved by UNSW Advantage as eligible for recognition on your Australian Higher Graduation Statement (AHEGS).
